

TRENTHAM

Introducing Trentham Estate 'Two Thirds' Semillon Sauvignon Blanc.

Two Thirds the kilojoules of a regular glass of wine.

Two Thirds the carbohydrates of a regular glass of wine.

We harvest selected vines in the cool of the early morning to get the sugar levels low and the fruit flavours at their best. We crush and gently press the grapes, then ferment the sugar away to dryness and bottle the wine early to retain its fresh tropical flavours.

'Two Thirds' is a lighter style of wine with lime and lemon aromas, fresh tropical flavours, a crisp and dry finish, and most importantly less alcohol & less carbs.

| {180ml glass} | Trentham 2/3's | Typical Sauv Blanc |
